EXTERNAL FUNDING SOURCES

Six Year Transportation Improvement
Program

STATE OF WASHINGTON PROGRAMS

County Arterial Preservation Program (CAPP) - Funds are limited to the direct and attributable indirect costs associated with paved surface preservation and rehabilitation activities on existing arterial roadways. Funds are distributed by direct allocation by the County Road Administration Board (CRAB) based on percentage of paved arterial lane miles in the county compared with the total in the state. The 2013 allocation is \$462,825. These funds may pay up to fifty percent of eligible costs.

Rural Arterial Program (RAP) - 90%
Federal, 10% Local Funds are limited to the direct and attributable indirect costs associated with arterial and collector road improvement projects. Funds are allocated by a rating system within the Southwest Region on submitted projects for approval. Each county in the Southwest Region may submit projects requesting funds not to exceed 30% of the region's biennial apportionment. These funds may pay up to ninety percent of eligible costs.

Transportation Improvement Board

The Transportation Improvement Board (TIB) is an independent state agency that distributes and manages street construction and maintenance grants to 320 cities and urban counties throughout Washington State. The funding for TIB's grant programs come from revenue generated by three cents of the statewide gas tax. The primary purpose of the TIB is to administer state funding for local government transportation projects. Projects are funded utilizing TIB revenues

in combination with local matching funds and private sector contributions. The authorizing legislation for TIB is contained in RCW 47.26.121. The administrative rules are found in WAC 479. TIB administers the following grant programs:

Urban Arterial Program (UAP)
Arterial Preservation Program (APP)
Urban Sidewalk Program (SP)
Small City Arterial Program (SCAP)
Small City Preservation Program
(SCPP)
Small City Sidewalk Program (SCSP)

FEDERAL PROGRAMS

Moving Ahead for Progress in the 21st Century (MAP-21) Act:

transportation, and highway safety programs for fiscal years 2013-2014. Signed into law on July 6, 2012, MAP-21 extended 10 times and with the passage funding for fiscal years 2004-2012. The and \$40.3 billion in FY 2014. This federa program, with \$39.7 billion in FY 2013 provides total guaranteed funding of of MAP-21 expired on September 31, bill, which initially expired in 2009, was Users (SAFETEA-LU), which provided Transportation Equity Act: A Legacy for program replaced the previous program; Safe, Accountable, Flexible, Efficient \$82.0 billion for the federal aid highway federal investment for the highway, public the remainder of FY 2012 and authorizes extended current law (SAFETEA-LU) for

Lewis County is eligible to receive these funds through the Washington State Department of Transportation under the following grant programs:

Bridge Replacement and Rehabilitation Program – (BR) 80% Federal, 20% Local Replace or rehabilitate roadway bridges over waterways, topographical barriers, other roadways, railroads, canals, etc., when those bridges have been

determined deficient because of structural deficiencies, physical deterioration, or functional obsolescence.

National Historic Covered Bridge Preservation – 80% Federal, 20% Local Rehabilitate, Repair, or preserve covered bridges that are listed or eligible for listing on the National Register of Historical Places.

National Scenic Byways Program – 80% Federal, 20% Local Improve and/or enhance roads having outstanding scenic, historic, cultural, natural, recreational, and archeological qualities and provides for designation of these roads as National Scenic Byways, All-American Roads or America's Byways

Railway-Highway Crossings – 90% Federal, 10% Local Eliminate hazards and/or install/upgrade

Eliminate hazards and/or install/upgrade protective devices at crossings to reduce the number of fatalities and injuries at public highway-rail grade crossings.

Safe Routes to School Program – 100% Federal

Make walking or bicycling to school safe and more appealing; and to facilitate the planning, development, and implementation of projects that will improve safety, and reduce traffic, fuel consumption, and air pollution in the vicinity of schools.

Surface Transportation Program – (STP) 86.5% Federal, 13.5% Local, Provides flexible funding that may be used by States and local agencies for projects on any Federal-aid highway, including the National Highway System (NHS), bridge projects on any public road, transit capital projects, and intercity and intracity bus terminals and facilities.

other divided highways. other roadways largely in the right-of-way environmental mitigation; recreational trai enhanced mobility, community driver access to public transportation and alternatives, including on- and off-road (TAP) 86.5% Federal, 13.5% Local, of former Interstate System routes or designing, or constructing boulevards and projects; and projects for planning, program projects; sate routes to school improvement activities, and infrastructure projects for improving nonpedestrian and bicycle facilities, projects defined as transportation Provides funding for programs and Transportation Alternative Program –

Federal Emergency Management Agency (FEMA)

The mission of the Federal Emergency Management Agency is to provide assistance to State, Tribal and local governments so that communities can quickly respond to and recover from major disasters or emergencies declared by the President. The Federal share of assistance is not less than 75% of the eligible cost for emergency measures and permanent restoration. The grantee (usually the State) determines how the non-Federal share (up to 25%) is split with the sub-grantees (eligible applicants).

Salmon Recovery Funding Board -(SRFB)

Pursuant to the Salmon Recovery Act: Chapter 77.85 RCW, Lewis County continues to support salmon recovery by funding habitat protection and restoration projects, and produce sustainable and measurable benefits for fish and their habitat
